COMPANY

Introduction

WW is a leading manufacturer and supplier for top quality Oxy-fuel cutting/welding equipment in China. For Over 26 Years, **WW** has been listed as long-term strategic partner due to its reliability and accumulated experience.

WW providing the superior quality products, competitive prices. Apart from its private brands, it supplies OEM/ODM service for its worldwide well-known company to tailor different customers' needs.

WW have excellence experience of R&D and manufacture in the field of welding/cutting, with rich experience in production, high customer satisfaction, leading technology innovation ability, advanced production equipment and a comprehensive and reliable quality management system to win the market, won the customer trust.

WW's warehouse can accommodate up to 500 pallets of goods, and all OEM order packaging must be completed in its own warehouse to ensure that all exclusive designs will not be plagiarized.

WW also has obtained the certificates of UL and CE for its industrial products.

WW adhere to the international advanced production technology and production equipment for the navigation, the international large company to absorb the design concept, to the precise and professional production system, accurate product positioning, to the entire world of professional enterprises to cooperate in production. Our company strictly implement ISO9001: 2015 quality management system.

Our design department is always ready to help you build your best product. We will support you with our experience and know-how in the industry.

WW is a great source of welding & cutting equipment and PPE business, we supply a wide range of products that you could always find the BEST solutions from **WW**.

**WITH WINNER, YOU
CAN REST ASSURED
YOUR COMMODITY
WELL SUPPLIED.**

GAS CUTTING / WELDING EQUIPMENT

Portable Welding and Cutting Kit	01-25
Cutting Attachment & Handles	26-40
Hand Cutting Torches	26-40
Welding & Brazing Torches	26-40
Gas Cutting Machines	62-68
Cylinder Valves	69-70
Seamless Steel Cylinders	70-71

PORTABLE WELDING / CUTTING KIT

Features:

- This set contains all the equipment you need for cutting, welding and brazing in a rugged, plastic carrying case.
- The outfit is designed to carry one 2L acetylene cylinder and one 4L oxygen cylinder.
- Unique carry tote offers in-line balanced design for carrying ease.
- Waterproof storage compartment for small items.
- Rear entry regulators for better balance on the small cylinders.

High Capacity

Cuts up to 4" (101.6mm)
Weld up to 1 1/4" (31.8mm)

Product Description
MARIGASES WORLDWIDE
Gas Welding and Cutting Kit:
OXY-PROPANE KIT

CAPACITY: Heavy Duty
Cuts up to 300mm
CERTIFICATIONS: EN ISO 5172
Kit Included:
Cutting Nozzles: ANME-1, ANME-2, ANME-3, ANME-4
Welding Nozzle: #1-8
Accessories: Guiding carriage and Circle Guide

PORTABLE WELDING / CUTTING KIT

CAX11A

- Cutting attachment injector for Acetylene

CAX11V

- Cutting attachment injector for Acetylene

WHX11

- Welding handle

CAX11P

- Cutting attachment injector for Propane

SAFE-GUARD-4 Flashback Arrestor

SAFE-GUARD-4 has a connection angle of 30°. The advantage of this is that, when connected to regulators, the flashback arrestor will sit parallel with gas cylinder.

- To prevent back flow
- To stop and extinguish penetrating flashback
- To turn off the gas supply in the event of penetrating flashbacks
- To turn off the gas supply in the event of overheating(95°)

Model	Gas	Connection
F477-R9/16	OXYGEN	9/16" x 18 R.H.
